Rockport, ME 04856

I'm writing in strong support of the Rockport Harbor Hotel being built by Stuart and Marianne Smith. This new business will be a beautiful addition to the village of Rockport. Its architecture fits right in with the surrounding buildings. All fellow town citizens will benefit greatly from the additional taxes generated by the Hotel.

Stuart and Marianne have been longtime residents of the area creating very successful businesses here which provide numerous jobs and needed goods and services for all of us.

The very few people who oppose the Smith's new project should not be the "tail that wags the dog". I feel the strong majority of residents do indeed support the Rockport Harbor Hotel as do I.

Thank you.

Sincerely,
Robert Hamalainen
